Re: Reference Letter

To whom it may concern,

Mr Tanguy Cirillo was employed by Geodis from 09/01/2018 to 01/02/2018 in the role of IT Intern.

In his time with the company Tanguy communicated well with staff colleagues and management of all levels. Tanguy was very dependable and hardworking, and overall a very pleasant person to work with. He was well liked and respected by his team members.

With this in mind, I would have no hesitation in recommending Tanguy for similar roles as I feel with his complementary competencies, he would be an asset to any organisation large or small. Our loss is someone else's gain and we wish Tanguy all the very best for his future career.

Yours sincerely,

Caoimhe Maguire
